

IRONBARK HOLIDAY PROGRAM – OLD SCHOLARS AND FAMILIES

What is the holiday program?

The Ironbark holiday program gives old scholars and their families the opportunity to return to Ironbark during school holidays or weekends outside of student program time to either relax or enjoy each other's company or to help staff keep the property running. Arrival and departure details need to be arranged with the Director.

Who can participate?

We are happy for past students and their families to attend. We do ask that you consider if your children attends St Peters and would be due to come to Ironbark in Year 9. We ask that families help us to avoid young children coming before attending the Year 9 experience.

What you can expect to do:

- What you can expect to do:
- Farm duties ie. Feeding animals and maintenance that needs to be done daily. Up to half a day of maintenance work will be required to be done on most days. The rest of each day you have to yourselves.
- Each group will need to maintain a supply of split wood for the dorm (for cooking).
- Each group will need to keep the dorm clean throughout their stay and clean the whole dorm thoroughly before departure.
- Depending on the staff on duty during your stay, you may have the opportunity to go horse riding or participate in adventure activities. You may also have the opportunity to camp on the property or go swimming (weather permitting).
- Reunion Groups we can arrange a program for you or you can just enjoy each other's company in a relaxed setting and reminisce.

What you need to organise:

- Transport to and from Ironbark.
- All your own food (you will be able to buy food in Crow's Nest each day if you need to). You can use milk and eggs produced at Ironbark during you stay. Some produce from the garden may also be available.

Who is in charge?

One of the resident Ironbark staff will be on duty during your stay. This staff member will be responsible for your program and safety.
